- -Ability to work effectively under time pressure and for long and extended hours -Strong organizational and multitasking skills, with the ability to perform well in a fast-paced environment -A good memory and an eye for details -Diligence and dedication to work-Active listening and effective communication skills -Flexibility to work in shifts

EDUCATION

Bachelor of Science in Computer Science

Lebanese University- Faculty of Sciences

09/2016 – 08/2019

Courses

- Selected Coursework: Data Structures, Object oriented programming Java, Web Applications, Database I and II, Graphical User Interface Applications, Computer Systems (C and Unix), Great Theoretical Ideas in Computer Science, Analysis I, II and III, Algebra I, II and III, Introduction to Programming, Principles of Imperative Programming, Statistic, Electricity and magnetism, Mechanics, Computer architecture, Graph theory, Introduction to logic & logic programming (Prolog), Introduction to Image Processing, Computer Networks (I and II), Software Engineering and Informatic system, Server-side Web Programming, Operating Systems I and II, Administration and network security, Mobile application development, Numerical simulation, Parallel Programming, Project Management and theory of computation.

General Sciences

Zahia Salman Public High School

2014 – 2016

GPA=3.2

TECHNICAL SKILLS

Object Oriented ▯ Java (Primary Language)

Mobile Development => ▯ Android Studio [+SQLite]

Web Development => ▯ HTML ▯ CSS ▯ JavaScript ▯ PHP
[+PhpMyAdmin] ▯ ASP.NET [C#]

Low Level & Analysis => ▯ Assembly [MIPS] ▯ Prolog
▯ MATLAB

PERSONAL PROJECTS

Supermarket Management System Application

- This system provides an efficient way of managing the supermarket information. Also allows the customer to purchase and pay for the products purchased.
- Coded in Java using Model-View-Controller architecture
- Database done using MS SQL Server

Agile Assessment

- The goal of the project is to conceive, develop and put in use a complete package for agile assessment.
- Coded using Laravel PHP Framework Development

Ongoing Projects

- LU Web(Node.js) Teaching load distribution & Online Registration service

SOFT SKILLS

Gathering Information

Developing Evaluations

Time management

Creativity

Approachability and Helpfulness

Problem-solving
